# 6<sup>th</sup> Annual Nursing Conference

Normah  
Medical  
Specialist  
Centre

1<sup>st</sup> October 2011 (Saturday), Normah Medical Specialist Centre, Kuching, Sarawak

## Theme: In Pursuit of Quality Nursing Care

Welcome to the **6<sup>th</sup> Normah Medical Specialist Centre (NMSC) Annual Nursing Conference.**

Our theme for the conference this year is **"In Pursuit of Quality Nursing Care"**.

The choice of the theme is in tandem with the ever-growing emphasis on quality healthcare, which is strongly advocated by leading healthcare accrediting bodies throughout the world. This theme is also a recognition of quality nursing care as a key and vital component of quality healthcare.

The focus of the conference is on the International Patient Safety Goals (IPSG) as established by Joint Commission International (JCI), with the aim of promoting specific improvements in patient safety which is the foundation of quality patient care.

Via this conference, we hope to provide a forum for sharing of best practices of nursing care; and a framework for further collaboration among all participants on improving nursing practices and health outcomes.

It is also our aim that this type of conference will serve as an additional option to continuous nursing education (CNE).

See you at the conference.

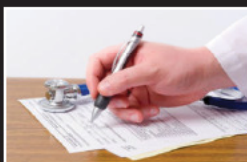

'WE CARE'

Warmest regards,

**Organizing Committee**
